STATEMENT OF ARTICLES OF CHARGES FRAMED AGAINST SRI L.MADHU, THE THEN ASSISTANT EXECUTIVE ENGINEER, NARAYANPET, PRESENTLY WORKING AS AEE, DOULTABAD (M), MAHABUBNAGAR DISTRICT

CHARGE- I:

That Sri L.Madhu, the then AEE, Narayanpet, Presently working as AEE, Doultabad (M) has recorded the excess measurements thereby causing a loss of Rs.1,32,734/- to the Government exchequer.

BASIS:

The V&E Department, have inspected the works and furnished detailed enquiry report vide their Report No. 45(191/V&E/E.III/2017), Dt.31.10.2017 on the allegations against the misuse of MP LADS in the construction of Kalabhavan at Narayanpet Mahabubnagar district.

Sri L.Madhu, AEE has submitted the proposals for construction of Kalabhavan in favour of SP.Balu fans association at Narayanpet mandal for 15 lakhs with the detailed modal estimate of the SC Community hall with size 16¹ X 24¹ Hall and 18'x8' stage, for an amount of Rs.15.00 lakhs and the same was admin sanctioned vide proc.no.03/PLG-I/CPO/MPLADS/MP/16th LS/MBNR/2014-15, dt: 31.01.2015 of Collector and District Magistrate Mahabubnagar. Further the S.P.Balu Fans requested the Executive Engineer PR Narayanpet to increase the hall size of Kalabhavan to accommodate 300 students with a stage. The then Executive Engineer has not inspected the site to prepare realistic estimates as per G.O.94. Even though the monitory limits are under his purview. Accordingly the detailed estimate was prepared by the concerned AEE with building dimenstions 21.62 mts x 11.05 mts duly considering the request made by S.P.Balu fans covered up to the roof level. Further the Superintending Engineer, PR, has accorded the Technical sanction of estimate for the above work up to the roof level which was in incomplete shape ie., the technical sanction without obtaining the MP consent as per clause 3.8 and 3.9 of MP LADS guide lines. " If the estimated amount for a work is more than the amount indicated by the MP for the same, MP'S further consent is necessary before the sanction is accorded, and the work should be sanctioned and executed only if the MP concerned has allocated the full estimated cost of the work in the year". In this case the estimate of Kalabhavan building was prepared only up to roof level framed structure but not for finished structure. Kalabhavan building work was completed up to plinth level at the time of inspection and verified the physical measurements of the work ie., columns, footings, gravel filling inside the basement and stone masonry with respect to the recorded measurements. The work was stopped at basement level.

The Physical measurement of the stone masonry and Gravel filling inside the Basement of the Kalabhavan building were verified with respect to the recorded measurements and were not tallied. The net recovery of amount Rs.56,737/- was calculated against the deficiencies in the measurements.

The Physical measurements of the sand filling, PCC and VRCC of the Column footing (3 nos at random) of the Kala Bhavan building were verified with respect to the recorded measurements and were not tallied. The recovery was calculated against the deficiencies in the measurements for the 3 columns. The net recovery amount for three columns is Rs.75,997 was calculated against the deficiencies in the 3 columns.

Thus, Sri L.Madhu, the then AEE Narayanpet Presently working as AEE, Doultabad (M) has failed to discharge his legitimate duties properly.

Thus his action is in violation of Rule (3) of TCS (Conduct) Rules, 1964.

Hence the charge.
